Membership! Is there any issue more important to Pilot? We have all heard "Build it and they will come." My vision for Pilot is to take the clubs we already have and work together to make them stronger. We have to start where we are. We cannot change the past but we can change the future, and building the future of Pilot will require dedication and commitment from each of us.

We have many challenges. I look at challenges as opportunities. Now is the time to renew our enthusiasm for Friendship and Service. Never before in most of our lifetimes have we seen the opportunities for service that we are seeing right now. Now is the time to seize the opportunity to spread the message of Pilot. Now is the time to look for new service projects that can and will attract new members. Now is the time to make your club meetings interesting and fun. Now is the time to share your friendship and passion for Pilot. Now is the time to take our past and build our future.

The power of one "Proud Pilot" sharing their passion can truly make a difference. "The future is purchased by the present." We are the present and we can and must purchase the future of Pilot by working together to build our clubs.

If we build stronger clubs we will build our membership. "Build it and they will come!"
