**"Visions and dreams are the seedlings of reality". Our Founders dreamed of an international organization whose members would give service to the elderly, the disabled and any needy segments of our communities. Today, just as they dreamed, Pilot International is a global organization of executive, business and professional leaders working together to improve the quality of life in local communities and throughout the world. Our far sighted leaders have given us new vision through the Pilot International and Pilot International Foundation programs and projects.**

**I have a vision for Pilot International, our Districts and our clubs; and that is to increase the visibility of Pilot as the very best world service organization. Through scientific, biological research we will see a breakthrough in the diagnosis and treatment of Alzheimers and other brain related disorders.**

**My vision starts with membership increases and acquired additional knowledge. We need to retain and retrain. We will be energized, stimulated and inspired to complete our work.**

**I appreciate your support. I look forward to serving on the Pilot International Board.**

**It will be an honor and I will welcome every assignment given, as an opportunity to serve.**
