Mahatma Gandhi said, "The future depends on what we do in the present." Eighty-eight years ago, our Founders ignited the torch of friendship and service in others. They envisioned Pilot not just as a local club, rather as an international organization.

They had extraordinary vision! They believed! But more than that . . . they formulated a plan and then persisted in achieving that plan! They began building the Pilot organization . . . and never looked back! We, too, must work hard to ensure that Pilot celebrates 100 years of friendship and service on October 18, 2021.

Pilots, the future of our organization is slowly slipping away. We cannot let that happen. We must begin today to rebuild! Membership and visibility are critical to the continuation and growth of Pilot.

What better way to achieve visibility in our communities than through our signature project – **BrainMinders.™** What better way to achieve visibility than educating people of all ages, but especially children, to protect their brain.

What better way to increase membership than to continually "**Talk Pilot!**" Our organization's growth depends on it . . . but we must "Talk Pilot" with passion and enthusiasm! Our organization's future depends on our determination and our persistence in sharing the ideals of Friendship and Service in our communities. That is our responsibility – yours and mine.

Will we do what is necessary today so that our organization will continue to grow and prosper as our founders envisioned? Are you up to the challenge? I am. Together we can make a difference!
