

2022 Pilot International Annual Convention & Leadership Conference Service Project

This year's Pilot International Convention Service Project will benefit the Golisano Children's Hospital in Rochester, NY. Golisano Children's Hospital employs more than 200 pediatric specialists and provides a spectrum of care that spans more than 40 specialty areas, serving more than 85,000 children and their families each year.

It serves as the referral center for all seriously ill or injured children from the 17-county Finger Lakes region and beyond. Their missions are to provide comprehensive care for children and their families, educate future pediatricians and pediatric specialists, and perform progressive research that will lead to the medical breakthroughs of tomorrow.

Pilot International is proud to support the Golisano Children's Hospital by providing activity bags for children, gift bags for teens/caregivers, and gift cards for caregivers. Your sponsorship of \$50 or more will help purchase the needed supplies for this service project.

Sponsor names will be included in the Convention Program, if received by May 16th.
