

Sherry Bath, PI Director

I have lived in Tennessee for almost 45 years, moving here from the suburbs of Chicago in November 1977. My husband Michael and I were married in October 1994 and will celebrate our 28th Anniversary this fall. Together, we have three sons, three daughter-in-laws and three grandchildren.

I have worked for the Oak Ridge Schools at Willow Brook Elementary School for 34 years; as the Secretary to the Counselor and Registrar for 12 years; and as the Bookkeeper and Administrative Assistant to the Principal for 22 years. I have served 6 Principals during my tenure at Willow Brook. I love where I work and the people I work with. It is a joy to get up every weekday morning and head to “school”!

I am one of six children, being third in line. My four brothers are scattered across the country and my sister lives here in Oak Ridge. At the age of 93, my mother is still very active and lives, on her own, in nearby Knoxville. I want to be like her when I grow up!

My favorite activities include spending time with my grands, family, and friends; eating out; traveling with family or friends; walking; working in the yard; and seasonal decorating. I am an avid football fan, enjoying Oak Ridge Football on Friday nights, Tennessee Football on Saturdays, and the Chicago Bears on Sundays! If you were to ask Michael, he would say I live, eat, and breathe PILOT!

I began my Pilot journey with the Pilot Club of Anderson County in October 1998. When that club dissolved, I transferred my membership to the Pilot Club of Oak Ridge. I have served our club in many capacities and currently serve as Treasurer and the chair of our annual arts and crafts fair. As a member of the Tennessee District, I have served the District in every office of the District Administrative Council, as well as Projects Coordinator and Fundraising Coordinator. My service to Pilot International includes being a member of the “District Office Eligibility” Committee, as Floor Teller Vice-Chair and Chair, as Fundraising Coordinator and as a Director. I love being a Pilot and being part of a service organization that genuinely cares about serving others. I have made many lasting friendships across the State, the country and beyond because of Pilot. I am humbled and honored to be elected to serve as a Director for Pilot International once again. I look forward to meeting and making new Pilot friends as my Pilot journey continues. Being a Pilot is truly a blessing.
