Club Leadership

The Club Manual is a great resource and will enable the club leadership team to plan, organize and schedule monthly items for the upcoming Pilot year.

If you are the club president:

MARCH/APRIL

- Use the period between club officer election in March and installation as a planning period.
- In April, attend your regional or district training workshop(s) and the district convention.
- Note deadlines and responsibilities.
- Determine the club appointees for the coming year and make those selections.
- The current PI Bylaws are included as a resource and part of the PI Club Manual. The PI Bylaws are created in sections, i.e., club, district and international. It is very valuable to become familiar with the Bylaws.
- The current PI Directory is included as a resource and part of the PI Club Manual. The new PI Directory for the upcoming year will be posted on the PI website by August 1.
- Register for international convention, make appropriate reservations, working with the club treasurer.

MAY/JUNE:

- Meet with the club leadership team and board members.
- Highlight important dates and deadlines. (Note: PI Pocket Calendars may be obtained from the Membership Department at Headquarters. The calendars itemize activities and events monthly. The calendars are also a great marketing piece to present to potential new club members).
- Download a copy of the Club Installation Script from the PI website (there is also a copy in the Forms section of this Manual.)
- Meet with the club outgoing officers for transition of records/status of annual plans.

JULY:

- Create a deadline list for: dues, reports, grant and scholarship applications.
- Discuss the deadlines and objectives at the executive board meeting.
- Schedule a club leadership meeting and then a meeting with club membership. Complete the club roster and action plans, sending a copy of each to the District Governor, Governor Elect, Lt. Governor (if applicable) and Membership Department at Headquarters.
- Attend PI international convention and experience the event which includes dynamic speakers, business sessions, workshops/training and updates of our organization. It is both a privilege and
obligation of the club president to be the club’s official representative. Funds should be budgeted each year for the international conference.

AUGUST:
- Complete the club audit; report to the members of the club.
- Prepare necessary club information as requested by Pilot International.
- Review and discuss calendar checklists including approaching deadlines.
- The club president should prepare and plan for all club meetings; share everything and work closely with the club president elect throughout the months. This practice will ensure a great transition from one Pilot year to the next.

Reminder to clubs –
Be sure to check out the many marketing pieces available for order such as:
- PI Pocket Calendars
- PI Brochures
- New Member Guides
- What Dues Do Handout

Visit the PI website or contact the Membership Services Department at HQ, 478-477-1208, ext. 308.

“Be the kind of leader that you would follow.”
ANNUAL RENEWAL OF INCORPORATION
FOR UNITED STATES PILOT CLUBS

- Club treasurers are to review incorporation information.
- Complete Corporate Annual Registration form, if required.
- If the club treasurer needs to obtain the current corporate filing status of the club, he/she can contact the Secretary of State.
- The same person should act as the registered agent for the club, whenever feasible (receiving and completing the form each year).
- A new Pilot club will be legally incorporated within one year where required. (See PI Bylaws, Article V).

COMPREHENSIVE GENERAL LIABILITY INSURANCE

A copy of current Certificate of Insurance for all Pilot clubs (including any Anchor activities your Pilot club sponsors) in the United States and Canada is maintained on the Pilot International website. Questions regarding the Certificate of Insurance should be directed to the Club Services Department at Pilot International Headquarters. The policy covers the LEGAL LIABILITY of the Pilot club and any individual member(s) who may be named in a lawsuit. It does not replace an individual’s health and/or accident insurance plans.

A claim should not be filed unless the claimant(s) feel the Pilot club and/or its member(s) are at fault and a suit for damages is being considered by a non-Pilot.

- In such cases—clubs should NOT volunteer to cover anything. Contact the Membership Department at Pilot International Headquarters, describing the incident and furnishing the names and addresses of ALL WITNESSES.

PI’s liability insurance DOES provide protection for the club and its members against possible lawsuits resulting from injuries and/or property damage connected with approved Pilot activities.
STANDING RULES

The Pilot club may establish standing rules which are pertinent to local club activities. These rules shall not be in conflict with Pilot International Bylaws, Pilot International Policies, or District Standing Rules. A Standing Rules Committee should be appointed by the incoming president. This committee will review the club’s standing rules which should reflect the requirements of options offered in the Pilot International Bylaws.

The following is a list of Pilot International Bylaws that offer options or would affect the club’s standing rules:

AMENDING THE CLUB’S STANDING RULES

The Pilot club’s standing rules may be amended at any meeting by majority vote of eligible voters. (PI Bylaw ART XVI Sec. 2 which reads: Amendments. Standing rules may be amended at any regular meeting by majority vote of eligible voters. The amendment shall be mailed, either by electronic or postal mail, to each eligible Pilot at least thirty (30) days prior to the vote, and presented at a Club business meeting for discussion and voting.)

ARTICLE VI MEMBERSHIP

Section 3: Club. A Pilot International and District member may also be a member of a club upon payment of club dues. The amount of dues will be determined by the club and must include district and international dues.

ARTICLE VII HONORARY TITLES

Section 1: Emeritus. Emeritus status may be conferred upon a charter member of a club or a member who has been a Pilot for at least fifteen (15) consecutive years and made significant contributions to a club through participation in club activities and projects, but who can no longer fulfill the responsibilities of an active club member. Emeritus status may be granted by majority vote of the club.

Section 2: Honorary Pilot. The title of Honorary Pilot may be conferred upon a non-Pilot in recognition of meritorious achievement at the Club level by a majority vote of the executive board of that Club; at the District level by a majority vote of the DAC/DEC; at the international level by a majority vote of the Executive Committee.

Volunteer Hours is the new name of Service Hours. The time our members spend volunteering for their club, district, or Pilot International are important for our 501(c)(3) status. The hours may also impact grant applications that may be submitted by our organization.

Pilot/Anchor volunteer hours are broken down by the ABC’s (initiatives of Pilot International). Hours include the time members dedicate to a service project, a BrainMinders™ presentation, a safety day or bike rodeo, assisting with an Anchor convention, or presenting a Pick Me Up. You may also include attending a special meeting preparing for one of these activities. In addition, if you volunteer at a community function and represent Pilot International by wearing your Pilot shirt and/or name tag and promote Pilot, these hours can be included.

*Volunteer hours for fundraising events for your club are not included.* If you are helping with another organization’s fundraiser, those hours can be counted if you are representing your club. An easy way to distinguish this is, if the money from the fundraiser is being deposited in your club’s bank account(s), then the hours are NOT included.

How many hours do your members volunteer? Perhaps you don’t think it is a lot. Visualize it. At each meeting, when members arrive, have them place one marble, M & M, or mint in a jar or container for each hour they have volunteered since the last meeting. Accumulate this until your club representative submits these hours on the Pilot International website. You will be surprised!

Each club should assign *one person* to submit the volunteer hours for all members of the club monthly. This is done on the Pilot International website. This is a very simple form and takes less than 5 minutes to complete. The data submitted is collected in Member Clicks. Volunteer hours should be submitted monthly for all members. Hours no longer need to be submitted per member or event. (Note: When entering the hours on the website, you cannot save the submission form, but you can print out a copy prior to selecting the submit option. This will enable each club to have a monthly record of hours submitted).

The club can also create a spreadsheet to assist in gathering the monthly hours to submit online. The spreadsheet will compile total volunteer hours to-date.

*BrainMinders Volunteer Hours*

We have added a separate form for volunteer hours related to the BrainMinders program. On the PI website, choose the BrainMinders tab and scroll down to the link . . . Submit your BrainMinders Volunteer Hours.

The Volunteer Hours Report for _____________ (month and year) revealed:

_______ Pilot clubs entered volunteer hours
_______ Total number of hours

We are grateful for all the many hours that our Pilot members volunteer each month and want to make sure we capture those totals.

THE EXECUTIVE BOARD

The executive board is the governing body of the Pilot club and is comprised of the elected officers.

Each member of the board is expected to:
- Commit the time necessary to attend board and club meetings regularly.
- Make unbiased decisions in the best interest of all members and the club.
- Fulfill assigned duties.
- Use personal talents to assist the club.

The executive board will meet as needed prior to the club meeting, at a time and place set by the Executive Board. A time limit should not be placed on the executive board meetings because all agenda items to be presented to the club must be considered (or postponed).

The Board will:
- Conduct all routine business of the club.
- Recommend approval of division plans and club budget.
- Review types of membership.
- Supervise the organization of new clubs.
- Review and keep current club standing rules and policies, etc.

A brief summary of action taken, as well as recommendations from the executive board, are presented to the club at the next business meeting.

Incoming Executive Board
- In the interim between the election and installation of club officers, it is the responsibility of the incoming officers to become familiar with the details and duties of the office.
- Each incoming officer should also study the duties of the incoming Board relating to club division activities which are outlined in this section.
- All Board members are encouraged to attend the annual district convention and the Pilot International conference and should also encourage all club members to attend both as well.
- Know what you want to accomplish before each meeting, whether a board, committee, or club meeting. Read the “Meeting Tips” section for great suggestions.

Always keep in mind successful Pilot club leaders:
- Set the tone and pace for the club year;
- Allow others to succeed;
- Try to handle paperwork or correspondence only once. Pass on forms and materials to the responsible club leader or appointee!

PILOT CLUB FINANCIAL RESPONSIBILITIES TO PILOT INTERNATIONAL AND THE DISTRICT

INTERNATIONAL INITIATION FEE- US $25.00 PER MEMBER
An initiation fee of US $25.00 will be paid to Pilot International for each active member upon acceptance of membership in club. (The $25 International initiation fee is waived for all former Anchor members. Local clubs will determine the local initiation fee for all new members.)

INTERNATIONAL DUES- Please refer to Page 7 of this Manual.
For new members, dues will be assessed based on the month a member enters the club through the remainder of the current club year (Effective July 1, 2014). Pilot clubs determine local dues. Dues for each member must be paid in advance to Pilot International by every chartered club in accordance with the bylaws.

LIABILITY INSURANCE- US $6.00 PER MEMBER
All members residing in the United States shall pay an annual insurance fee. Payment is made with the advance payment of international dues.

REPRESENTATION AT CONFERENCES
The Pilot International Bylaws state that each club should be represented at the annual district and international conferences. (Number of club delegates and alternates is specified in the Bylaws.) Transportation expenses and registration fee for one delegate to each conference will be paid from the club treasury and will be included in the annual club budget. The club itself decides whether or not to pay for the individual’s lodging expenses and per diem. Each club, from the first anniversary of its charter date, will pay a minimum of one registration fee for each international conference of Pilot International. Late registration fees will be an additional 50% of the current registration fee. Headquarters will supply a list of delinquent registration fees to district governors for district action.

The delegate for a Pilot club must be a member of the club they represent at the international conference. For those holding dual membership, they may serve as delegate only for the club through which they pay international dues.

District Dues
District expenses are financed by district dues paid by each member. The district budget may include any expenses approved by the district.

CLUB VISIT BY DISTRICT OFFICER
The Pilot club to which the district governor, the governor elect, or a lt. governor is making a visit is expected to defray expenses with the exception of transportation and costs of personal items. Expenses to the club could include single room in hotel and breakfast the next morning.
MISCELLANEOUS EXPENSES
Each club is encouraged to contribute to Pilot International special appeals.

The District or International Officer as a Member of a Pilot Club:
A district or international officer has the same privileges and responsibilities as any other member of the Pilot club, such as:

- Pays regular dues and serves on a club division
-Does not expect to be consulted concerning club, district, or international activities any more than any other active member.
-Is knowledgeable about Pilot International policies and bylaws, and if consulted by the club of which the officer is a member, a specific and adequate reply would be expected.

Special Invitation to PI and District Officers to Participate in Club Activities:
PI officers, district officers, and headquarters staff appreciate receiving invitations to speak as special club meetings such as anniversaries, civic nights, installation of officers, etc.

The invitation should be issued as early as possible to avoid scheduling conflicts.

Expenses to be paid by the Pilot club issuing the invitation are:
- Cost of airline ticket if travel requires flying or mileage when driving at current IRS rate
- Lodging and meals

These expenses should be considered when planning begins and included in the club budget.

VISITING OTHER CLUBS
Pilots often visit cities where other clubs exist when travelling. Visiting other clubs is a rewarding experience. However, Pilots should always pay their own way when visiting other Pilot clubs or members.

THE BUDGET
A well-planned and correctly prepared workable budget is the foundation of successful club operation.

The Budget:
- Is a plan of anticipated receipts and disbursements approved by a club for the next year.
- Should represent practical estimates of the club’s financial needs for the next year.
- Should be a challenge to the club membership, yet realistic.
- Indicates the worthy intentions and programs of a successful service club more than any other club document.

**NOTE:** The Pilot International Bylaws require the club to budget and pay from its treasury transportation expenses and registration fee for at least one delegate to district and international conferences. The amount budgeted for the district convention may be divided among the delegates to that convention. Consult the district and club standing rules for other club obligations.

The following sample budget is a guide for the club’s budget committee. The amounts and items are EXAMPLES ONLY. The amount of the budget will vary in each club.

DUES INVOICE AND CLUB ROSTER
In May of each year, the Membership Department of Pilot International headquarters will send each Pilot club an annual invoice for international dues and liability insurance. After verifying this statement with the club roster, remittance should be made to Pilot International headquarters no later July 1.

It is very important for the treasurer to check with the recording secretary to be sure the club membership records agree with the invoice before payment is made. Any changes, additions, or corrections should be noted on the invoice and returned with payment. Headquarters staff will compare the dues invoice with the club membership records and make changes as needed.

When a member joins a Pilot club during the year, the initiation fee, liability insurance, and international dues are payable to Pilot International immediately. Payment should be submitted along with “Notification in Change in Membership Information” report and a completed membership information form.

International, district, and club dues should be collected from each member IN ADVANCE. If you have questions regarding the club invoice, contact Pilot Headquarters at (478) 477-1208.

INTERNATIONAL DUES ARE NON-REFUNDABLE.

TAX INFORMATION FOR U.S. PILOT CLUBS AND DISTRICTS
General Information
Pilot Clubs in the United States are recognized by the Internal Revenue Service as civic/service organizations and are exempt from paying income tax under Section 501(c)(4) of the 1954 Internal Revenue Code*. In 1976, a group exemption number- 0669- was assigned to Pilot International and ALL Pilot clubs. In addition to the group exemption number, each club is required to apply for a federal identification number. Each new club should send the identification number to Pilot Headquarters as soon as it is assigned to be filed. All clubs which accept direct donations must acquire an EIN and be responsible for their own filing requirements.

NOTE: Strict application of the IRS Tax Code means donations to Pilot clubs are not considered tax deductible to the donor until approval is received from IRS to include clubs under Pilot International 501(c)(3) status. No provision was made for the districts to be included under Pilot International 501(c) (3) status. Having 501(c)(3) status does not automatically exempt clubs from paying sales tax. Sales tax exemptions come primarily on items purchased for resale, and clubs need to apply with their state for a Sales and Tax Use Exemption for resale of items. Only those items resold by the club are exempt from sales tax.
Reserve Fund
The U.S. Internal Revenue Service has indicated that a non-profit can have reserve funds in reasonable amounts to insure continuity of its mission. This means that accumulating funds for a specific project should pose no problem as long as the funds are used for that project as approved by club membership. The IRS will be interested in how passive (invested) funds are spent. Make sure that club minutes reflect all action concerning finances. When audited, the first item checked will be the minutes.

Disclosure Regulations
Recent disclosure requirements make it mandatory that clubs carefully consider fund raising activities in regard to current regulations. Many states are more closely regulating solicitation activities. Clubs should check with their Secretary of State regarding registration and regulation requirements for organizations participating in fund raising activities.

IRS Instructions for Filing:
All clubs must report to IRS regardless of amount of income.

Beginning in 2008, tax-exempt organizations like Pilot clubs, that previously were not requested to file tax returns, are now required to file an annual electronic notice, Form 990-N, Electronic Notice (e-Postcard) for tax exempt organizations not required to file Form 990 or 990-EZ.

Clubs whose gross receipts are over $200,000 or total assets greater than $500,000 will need to file the IRS Form 990. Clubs, whose gross receipts are over $50,000 a year and under $200,000 with total assets less than $500,000, will need to file the IRS Form 990 EZ. In the past, clubs whose gross receipt fell below $25,000 were not required to file any 990 form with the IRS. With the enactment of the Pension Protection Act of 2006 (PPA), these clubs will now be required to electronically file Form 990-N each year. In 2010, clubs with gross receipts less than $50,000, are required to file Form 990-N each year. This form is also known as the e-Postcard. The form should be filed by the fifteenth (15th) day of the fifth (5th) month after the close of the tax year (for Pilot clubs that will be November 15).

This electronic postcard form of the 990 can ONLY be filed online—so each Pilot club will be required to find someone who has internet access to assist them with this filing. No additional software is required other than the internet connection and there is no charge to file the form. This does not mean your club will have to pay taxes; however, clubs who fail to file the 990-N for three consecutive years will lose their tax exempt status.

You may want to review the frequently asked questions about Form 990-N at the following website: www.irs.gov. You will need to click on “Charities and Non-Profits” found at the top of the page. This will take you to the IRS explanation of the new form.
Definitions:
1. **Accounting Period** (Fiscal Year) - Pilots accounting period is July 1 through June 30.
2. **When and Where to File** - [www.epostcard.form990.org](http://www.epostcard.form990.org) – U.S. districts/clubs are required to file by the 15th day of the 5th month following the close of the fiscal year (Nov. 15).
3. **Penalties** - Failure to file on time/incomplete return
   a. If you do not file your e-Postcard on time, the IRS will send you a reminder notice but you will not be assessed a penalty for filing the e-Postcard.
   b. However, an organization that fails to file required e-Postcards (or information returns- Forms 990 or 990-EZ) for three consecutive years will automatically lose its tax-exempt status. The revocation of the organization’s tax-exempt status will not take place until the filing due date of the 3rd year.
4. **Gross Receipts** - The gross amount received by the organization during its annual accounting period from all sources without reduction for any costs or expenses, such as cost of goods sold, cost of assets sold, cost of operations expenses for earning, raising, or collecting such amounts.

Thus, “gross receipts” includes, but is not limited to:
   a. Gross amount received from contributions, gifts, grants, etc.
   b. Gross amount received as dues or assessments from members (including dinner fees).
   c. Gross sales or receipts from business activities including activities unrelated to the purpose for which the organization received an exemption.
   d. Gross amount received from the sale of assets without reduction for the cost or other basis of the property and expenses of sale.
   e. Gross amount received from investment income interest, dividends, and royalties.

The Treasurer must keep accurate financial records and file the electronic notice for the fiscal year. The Treasurer must maintain accurate records at all times should the Internal Revenue Service require further information on the financial activities of the club/district.

If you have questions, consult a local accountant and/or local or regional IRS service center.

**IMPORTANT IRS INFORMATION FOR PILOT CLUBS**

Pilot International is a 501(c)(3), and donations to it are charitable contributions according to IRS rules.

The Pilot International Group Exemption is a 501(c)(4). Contributions to Pilot clubs in this group exemption are not deductible as charitable contributions.

Pilot clubs must file individually for a 501(c)(3) status, if they would like donations to their club(s) to be considered charitable contributions.
Contributions to Pilot clubs which require a 501(c)(3) organization may be passed through Pilot International. For more information regarding this process, please refer to Pilot International Policies, Pass Through Funds and the Pass Through Funds Form.

**Closing Observation**

The Pilot International Headquarters staff does not interpret tax laws; therefore, information from this office must be general and conservative in nature. All Pilot Clubs and Districts are advised to consult a local CPA, tax attorney, or IRS Office for information on specific tax laws and governing regulations.

HOW TO CONDUCT A SUCCESSFUL, USER-FRIENDLY PILOT CLUB BUSINESS MEETING

Tips for planning successful meetings:
- Plan ahead
- Make an agenda; include materials to support your agenda
- Distribute (via email) a copy of the agenda 5 days ahead
- Follow the agenda
- Respect your members’ time by staying on course (appoint a time keeper)

Meetings are necessary for good planning and sound decision-making, but too often time is wasted on non-productive issues. Here are a few tips:
- Plan ahead, have an agenda, and materials to support your agenda.
- Mail or email a copy of your agenda a week to five days ahead. This allows your members time to have a “heads up” on your discussions.

Example: If you plan to discuss a new project, do your homework, write out a brief outline (enough for good input) and make copies of all the facts you can supply for everyone in the meeting. Mail and/or email to your members. They will appreciate the additional preparation time.

- Follow your agenda. If the discussion starts to stray, “If we could return to our agenda, please” is usually enough to get back on course. Discuss the ideal outcome of the items on your agenda. By discussing the outcome, it is often easier to find the solution.
- Respect your members’ time by staying on course. You may want to appoint a timekeeper if this is a problem. If your meetings are one hour or less people are more likely to attend.
- Your room set-up is very important. You want your members to feel comfortable, relaxed, and open to share their ideas. Member-friendly U, round, or square shape setups depend on the number of participants—the more friendly the atmosphere, the more likely your meeting will be productive.
- Your members and your meeting will feel more informed and efficient if your secretary and treasurer’s reports have been distributed ahead of time.

A. Advice to the Chair
1. Follow the agenda closely.
   a. Everything said should be audible to all in attendance.
   b. When both a business and program meeting are held in succession and on the same date, the first meeting is adjourned before the second meeting begins.
   c. The person who opens a meeting closes it.
2. Know and practice parliamentary procedure (See “Reference Notes on Motions” and “A Chart of Parliamentary Motions” in this section.)
a. State the action before it is discussed and again before it is voted upon.
b. Use “aye” instead of “yes.”
c. If vote is in doubt, use show of hands, actual teller count, etc.
d. Vote when your vote would change the outcome or when voting is by ballot.
e. Declare successful candidates “duly elected.”
f. Relinquish post before entering into discussion or if candidate for office while further nominations are being solicited.

3. Handle discussion in an orderly way so as to—
   a. Give every member who wishes it a chance to speak;
   b. Keep all speakers to rules of order and to the question;
   c. Give pro and con speakers alternating opportunities to speak;
   d. Not allow anyone to speak twice to a question until everyone who wishes to speak to it has had the opportunity once.

4. Suggest motions but do not make them. Say, “A motion for (or that) .... is now in order.”

5. Refer to self as “The Chair.”

6. Remain seated, if desirable, except:
   a. To call meeting to order;
   b. To put a question to vote;
   c. To give decisions;
   d. To recognize speakers (especially in a large assembly).

7. Use the gavel:
   a. To call meeting to order;
   b. To maintain order;
   c. To relinquish chair;
   d. To indicate completion of action on motion;
   e. To declare adjournment.

B. Basic Points

1. Minutes are the legal record and should be:
   a. Acted upon as read, printed, distributed, etc.;
   b. Retained for the life of the organization;
   c. A concise account of action taken, not what has been said.

2. Standing rules are the special regulations governing the individual club. They specify time and place of meetings, amount of dues, etc. and are never in conflict with the bylaws of the organization.

3. Unless otherwise specified, a quorum is a majority—at least one more than half of the membership of an assembly or of a committee.

4. If ballots are used in an election or for a secret decision on any other matter, a motion is in order for their destruction following the announcement of the results of the voting.
5. If a REPORT contains recommendations, these should be put in the form of a motion and placed at the end of the report.

6. A convention program should be acted upon by motion.

7. It is improper for the Chair or any member to move to make a vote.

8. The treasurer’s report should not be accepted on motion; however, the audit report and the proposed budget receive such action.

9. A member of the nominating committee is eligible for candidacy.

10. A president is a member ex officio of all committees except for the nominating and election tellers committees.

11. Motions are:
   a. Expressed in a clear concise statement containing only one main idea;
   b. Seconded before discussion is call for and maker of the motion should start the discussion if explanation is needed;
   c. Made in the correct language—“I move that”—or “I move to....”

12. A motion must be withdrawn before the Chair has restated it; otherwise, it would require a motion for withdrawal, or the use of the “general consent” technique.

13. The Chair does not need to obey the call, “Question,” if in the judgment of the Chair, debate should continue. (Only the adoption of a motion to end debate could force the issue. This requires a 2/3 vote.) The Chair should use judgment concerning the adequacy of discussion, and should not wait for someone to call “Question.” The call “Question” really means the motion or call for the “Previous Question” and this requires a 2/3 vote for adoption.

14. Abstention has no effect on calculation of votes.

15. Amendments are motions, and are seconded. They are open to discussion unless the main motions to which they are affixed have other regulations.

16. The report of the nominating committee should be submitted to the Chair who will solicit nominations from the floor for each office. A nomination is not a motion, and does not need a second (copy of the report is given to the secretary.)
   a. It is improper for the Chair or any member to move to make a vote unanimous.
   b. The Chair must be certain of the vote before he/she declares a motion passed or defeated.

ORGANIZING AND CONDUCTING A PILOT MEMBERSHIP DRIVE

A. Establish a Goal
   ➢ Define a realistic achievable goal.
   ➢ Set a specific goal for each campaign- not for the entire year’s effort.

B. Set Your Timetable for the Drive and Select Key Workers
   ➢ When will it occur? Pilot membership months are October and March.
   ➢ You should plan at least (2) two months in advance of the drive.
   ➢ Check selected dates against other schedules for potential conflicts.
   ➢ How long should it last? (Consider an open house concept is flexible and inviting).
   ➢ Select a member to steer the drive? Ideally, this is your club’s membership chair/committee. Involve the entire club, especially those members who are enthusiastic and work well with others.

C. Where to Prospect New and Renewal Members
   ➢ Determine the target group for the drive? Examples: private business; educators; civic organization; church groups; or public service groups.
   ➢ Create target lists. The target lists can come from existing members and can become point of contacts.

D. Decide on a Kickoff Function
   ➢ Plan on a kickoff function to help build the committee’s enthusiasm and commitment.
   ➢ Consider what event would be most effective.
   ➢ Plan a formal or informal breakfast/luncheon/dinner meeting to organize the drive.
   ➢ Plan a casual get-together with food and refreshments to conduct training; review materials; and answer last-minute questions.
Suggested Chronology of Events
Most successful membership drives concentrate on a short precisely defined period of time. Use the following timeline as a general framework to help you with your preparation and planning.

Two-Three Months Before the Drive
Initial tasks:
- Approach to publicity for the drive.
- Consider local media; joining a speaker’s bureau to promote the club.
- Determine all promotional materials for the drive have been obtained.
- Utilize display boards of club activities (i.e., BrainMinders™ presentations).
- Utilize the club’s tri-fold brochures.
- Membership Information Form/Application available to distribute.

One-Two Months Before the Drive
- Mobile the club members.
- Members turn in names of at least five (5) prospects with contact information including email address and cell phone numbers.
- Create invitation tailored to the need of the club.
- Include with the invitation a club tri-fold brochures, Membership Information Form/Application and business card of the club president.

One Week Before the Drive
- Meeting of the Membership Committee and additional club members involved with the drive. Each participant should be able to share a brief but complete explanation of Pilot International include its focus.
- Review publicity efforts initiated earlier. Determine what type of media you will use now that the drive is close at hand.

The Drive Begins:
- Arrive early; set up stations in the room with display pieces manned by club members.
- Set up light refreshments; use background music.
- Be sure the greeters are assigned and positioned as the prospective members begin arriving.
- After prospective members have visited each station, assign your club’s most enthusiastic “closer” to have an application available, encouraging the individual to join right away. Make it easy for each prospect to join.

Have answers when someone says no.
After the Drive:
- **Follow up, follow up, and follow up.** Assign committee members/club members to call and follow up with each prospect.
- Send thank you cards, letters to all those who provided media coverage or were in involved in promoting the membership drive.

Other Membership Drive Themes

**Tea Party:**
- Schedule an afternoon tea.
- Recruit members to share testimonials... “what Pilot means to me”.
- Share tri-fold displays of club projects.
- Share club scrapbooks.

“**Harvest New Members**“:
- Decorate with scarecrows and Fall foliage.

**Ice Cream Social:**
- Provide ice cream cake/other light refreshments.

**Christmas Party:**
- Ornament exchange – each member brings two (2) wrapped ornaments for exchange with prospective members; potluck mean or light refreshments.

HOSTING A SHARE PILOT OR MEMBERSHIP EVENT

Share Pilot or Membership events are very effective in recruiting new members. They can be simple and casual or elaborate and fancy as your club would want. There should be an abundance of goodwill, fun, good food, and lots of opportunities for prospective members to meet members and ask questions. Here are some suggestions for hosting an enjoyable event.

**Format**
Formats for the meetings are as varied as there are Pilot clubs. Use your imagination to create an event that will succeed in your community.
Agenda

- Welcome.
- Explanation of the event’s purpose.
- Club divisions and leadership training.
- Share club projects; (include Anchor program).
- Scope, purpose, goals, focus, and accomplishments of Pilot International.
- (Pilot/Anchor videos).
- Brief history of the club.
- Financial costs of joining: club, district, and international dues.
- Hand-out club fact sheet with **two testimonials** from members.

Ensuring a Good Turn-Out

- Mail invitations to prospective members; assign members to follow up with phone call.
- Each member is responsible for inviting potential members; and all club members should attend.
- Encourage guests to bring friends and/or family members.
- Let all prospects know transportation to the event is available, if needed or encourage guests to attend with a club member.
- Limit event to 30-45 minutes—including the question and answer session. Allow adequate time for the social portion of the event for the purpose of getting to know your attendees.

Other Helpful Hints

- Share information about guests attending with the members. This is help them to feel more familiar and welcoming when they arrive.
- Display copies of *The Pilot Log* and have an ample supply of Pilot International brochures and other PI promotional pieces.
- Let your guests know you would like them to consider joining your club immediately and to let a member know if they’re interested in joining before they depart the event.
- Close the event with reading the Pilot Code of Ethics.

After the Event

If someone expresses an interest in becoming a member of Pilot, extend an invitation to join right away. Establish a mentoring program to avoid the “revolving door” syndrome. Welcome any new members immediately and be sure to receive them warmly into your next club meeting and quickly get them involved. Listen to your new members and value their opinions and concerns.

Where to Find New Members

- Relatives including: daughters, sons, spouses, cousins, etc.
- Relatives of people whom your service projects have helped.
- Friends and neighbors.
- New residents in the community.
Teachers and librarians.
- Business people.
- News reporters.
- Club guest speakers.
- Former Anchor members.

**SAMPLE NEW MEMBER INITIATION**

New member initiations may be formal or informal. The idea is to make it special with a short, simple and to-the-point presentation. Speak from the heart as you welcome new members.

The following is a sample of a brief welcome/initiation. Avoid reading word-for-word.

“It is an honor to welcome *(first and last name)* to our Pilot Club. *(First Name)* is joining not only this club, but a vast network of business and professional leaders who provide volunteer service around the world. We would also like to congratulate and thank *(name of sponsor)* for introducing *(first name)* to our Pilot Club and Pilot International.

*(First Name)*, please stand.

We are pleased to have you join Pilot Club of ______________ in our endeavors to improve the quality of life in our community. Your leadership skills, talents, and dedication will be essential to the club in its commitment to promoting awareness of brain-related disorders and to offering assistance to those affected. Our lives are directed by the choices we make and you have made a wonderful choice.

I speak for each member of the club when I say that we welcome and encourage your suggestions and ideas for the club. We hope that you will choose to share your Pilot membership with you colleagues, friends, and family members.

Welcome to Pilot International! You are now a member of the organization known for friendship and service. Congratulations!”

(Lead applause)

**NOTE:**
Many clubs provide new members with Pilot pins or other appropriate items, while others make a donation to the Pilot International Founders Fund in the new member’s name. Be sure each new member receives a new member folder immediately upon joining the club.

It is very important to have a mentor assigned to each new member. Try one-on-one mentoring for new members. It works!

New members can bring new ideas to the club, so welcome and encourage their participation with open arms. Take the time to discuss ways in which you can make new members’ transition as smooth as possible. Some suggestions are:

- Welcome new members when they walk into your meetings.
- Give personal information about them to the group that will allow friendships to develop based on common interests.
- Arrange a series of three to four welcome phone calls. Stagger the calls over the course of a few weeks. When a new member misses a meeting, call to let them know that they were missed.
- Seek new members’ opinions and advice. Discuss which club projects they would like to be involved in.
- Provide adequate training/mentoring and address all questions.
- Utilize the new members’ individual talents. Create a new member survey which would collect data regarding their gifts/talents.
- Encourage new members to bring friends to club meetings/projects. New members can be some of the best recruiters.

NOTES:

Never doubt that a small group of thoughtful, committed citizens can change the world; indeed, it’s the only thing that ever does.

250 District, 250 Goal, Goals for Grants and Scholarships

1. The Grants and Scholarships Fund is the SINGLE source of fundraising to fund PI’s matching grant program.
2. Each individual and each club is asked to participate in the fundraising efforts of our grants and scholarships fund by donating $250.
3. Each Pilot year, individuals who give $250 are recognized as a 250 Member.
4. Each Pilot year, clubs that give $250 are recognized as a 250 Club.
5. Each Pilot year, districts are assigned a fundraising goal for the grants and scholarships fund. This goal is figured by the number of clubs on record at headquarters as of September 1. That number of clubs is multiplied by $250 for the district goal.
   For example: 10 clubs $250 = $2,500 (district goal)
6. Those individuals and clubs who send their donation by February 1 receive a certificate at district convention.
7. All 250 individuals and 250 clubs will receive a ribbon at international convention.
8. All districts who reach their 250 Goal will receive a ribbon at international convention.
Pacesetter Contributions

1. All clubs are asked to contribute $10 per ACTIVE member. This amount is a club’s Pacesetter contribution.

2. Pacesetter contributions are used as a mechanism to raise funds for the Annual Fund. The Annual Fund is unrestricted and is used to operate the Founders Fund.

3. Those clubs who make their Pacesetter contribution by February 1 will receive a certificate at their district convention.

4. When a club has been a Pacesetter Club for 5 years, they receive a Crystal Club banner patch. The club receives a banner arc for every five (5) subsequent years.
Realizing that whatever a Pilot touches should be ennobled by that touch, we, as business leaders, are resolved to make our business standards high, to do our work in every place in which we are employed as if it were our life work, never omitting an opportunity of doing a kindness or making a friend; to put into our business dealings a note of sympathy for humanity; to follow truth; to do our best from dawn till night; and so to live in the discharge of our duty, so to take care of every responsibility that comes before us that we shall radiate that which is unselfish, beautiful and true; and when we shall have finished with our tasks we shall have given an upward impetus to human ideals and achievements.

With this resolution before us then, we believe it is our duty as Pilots:

To consider our work worthy and ourselves worthy of our work, exemplifying in it at all times the Pilot motto, "True Course Ever."

To work each day at that which is before us seriously, vigorously, calmly, cheerily; to improve ourselves in every possible way; to increase our efficiency; to enlarge our visions.

To be ambitious to succeed, but always to be ethical, desiring nothing that is not achieved by justice, honesty and fairness.

To live in the presence of the great eternal laws, which will keep us patient when the task is irksome and calm and unspoiled when we seem to succeed.

To acquire self-control and self-reliance; to be ready to give as well as take; to develop in ourselves an appreciation of the finer things of life; to be honest and generous; to help, not to hinder; to be slow of criticism and quick with praise.

To cherish our visions and our ideals; to cherish the music that stirs our hearts, the beauty that forms in our minds, knowing that on these things we can build our world, for visions and dreams are the seedlings of reality.

To be loyal to Pilot in thought, word and deed.

To see no evil, hear no evil, speak no evil, think no evil of a Pilot, but to be no more loyal to a Pilot in this respect than we are to every other person, for the genius of Pilot is in its kindness, and justice is the soul and substance of life.
